

## How to display more rows in a channel

Clicking on the pencil icon on a dashboard (i.e. Faculty Grade Assignment, Faculty Dashboard) brings up a group of settings that can be changed. This allows the user to change how many rows seen in the channel.

In this example, the number of rows was changed to show 10.

After you make any changes, click on the Apply link and then click on the Back link. You should now see up to 10 rows before you see a MORE link.

NOTE: Not all channels have an edit feature (pencil icon).
